My enthusiasm has stimulated me to support and encourage my daughter to participate in different sports at school. Furthermore, I wish to engage in diverse activities that enable me to promote the benefits of sports in Hong Kong which can help children create a positive attitude in their future development.	I am an active triathlete, have raced various distances including KONA twice and as a qualified Tri coach with Triathlon Australia. My sporting background is in swimming, having started as a member of HK Mantas back in the 1970's. I have setup Tri clubs and held coaching sessions for youth to adult groups as well as coached athletes who qualified for KONA and the ITU worlds.
